

A black and white photograph of a young child with a backpack walking away from the camera on a sidewalk. The child is wearing a dark shirt with white stripes on the sleeves and light-colored pants. In the background, there is a school building with a stone wall and large windows. A sign on the building says "SMILE YOU ARE THE BEST" and "3453". The word "EVERF" is visible on the right side of the building.

Do you have a four year old who is waiting by the door with their backpack, watching the school bus drive by every morning and wondering when they're going to school?

Come on into Henry Ford Elementary where we are currently accepting applications in the main office for preschool.
