

Willow Run Community Schools will possess and maintain one or more Automated External Defibrillator units. In a building that has an AED, it is the goal to maintain a minimum of two full time building staff members who are trained in the use and procedures of the device.

Maintaining such a device requires oversight of a medical director. Willow Run Community Schools will seek to receive and maintain a written agreement with a qualified physician and will follow all maintenance and training protocols as advised.

The district will designate a district AED coordinator whose responsibility will be to provide primary liason between the district's AED program and the Medical Director and to organize all training, communication, and ordering of supplies.

For each building that has an AED, there will be a designated AED building coordinator whose responsibility is to regularly inspect the AED according to established protocols and to report any incidents or need for supplies to the district AED Coordinator.

It is recognized that any caregivers are protected from liability by PA 17 of 1963 section 691.1504 which reads:

Sec. 4. (1) Subject to subsection (2), an individual who having no duty to do so in good faith voluntarily renders cardiopulmonary resuscitation to another individual is not liable in a civil action for damages resulting from an act or omission in rendering the cardiopulmonary resuscitation, except an act or omission that constitutes gross negligence or willful and wanton misconduct.

(2) Subsection (1) applies only to a civil action that is filed or pending on or after May 1, 1986.

(3) Subject to subsection (5), an individual who having no duty to do so in good faith voluntarily renders emergency services to another individual using an automated external defibrillator is not liable in a civil action for damages resulting from an act or omission in rendering the emergency services using the automated external defibrillator , except an act or omission that constitutes gross negligence or willful and wanton misconduct.

(4) Subject to subsection (5), the following persons are not liable in a civil action for damages resulting from an act or omission of an individual rendering emergency services using an automated external defibrillator as described in subsection (3), except if the person's actions constitute gross negligence or willful and wanton misconduct:

(a) A physician who provides medical authorization for use of an automated external defibrillator.

(b) An individual who instructs others in the use of an automated external defibrillator.

(c) An individual or entity that owns, occupies, or manages the premises where an automated external defibrillator is located or used.

(5) Subsections (3) and (4) apply only to a civil action that is filed or pending on or after the effective date of the amendatory act that added this subsection.

History: Add. 1986, Act 21, Imd. Eff. Mar. 10, 1986 ;--Am. 1999, Act 173, Imd. Eff. Nov. 16, 1999 .
